Cavity Ceiling L

Oberfläche

- aluminium
- noir
- bronze
- blanc

Technical details

Pays de fabrication	Allemagne
fabricant	Serien Lighting
concepteur	Jean-Marc da Costa und Manfred Wolf
année	2019
protection	IP20
Contenu de la livraison	LED
Diamètre en cm	13
matériel	aluminium
atténuation	gradable avec variateur à coupure de phase et à commande de phase
Puissance en Watt	20 W
LED	y compris
Indice de rendu des couleurs	>95
Flux lumineux en lm	2.070
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	sur le site meme
Dimensions	H 10 cm | Ø 13 cm

Description

The Serien Lighting Cavity Ceiling L is a ceiling lamp with a height of 10 cm and a diameter of 12.5 cm. It emits its light directly downwards. Because the integrated LED is recessed in the lamp, the light is shielded to the side. Part of the light emitted is reflected by the lamp itself. The Cavity Ceiling L is made of aluminum and is available in black, white, aluminum gloss finish and bronze finish. The integrated LED is replaceable on site and can be dimmed with a trailing edge or leading edge phase dimmer on site. It is supplied with a colour temperature of 2,700 Kelvin extra warm white. On request, the lamp is also offered with a colour temperature of 3,000 Kelvin warm white or as a DALI dimmable version.
