Knapstein

LARA-L134

Technical details

Pays de fabrication	Allemagne
fabricant	Knapstein
concepteur	Knapstein
année	2019
protection	IP20
Contenu de la livraison	LED
matériel	métal
surface	nickel
réglage de la hauteur	réglable en hauteur
atténuation	controle gestuel
Puissance en Watt	42 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	4.978
La température de couleur en Kelvin	2.700 extra blanc chaud
exécution	-
remplacement des ampoules :	chez le fabricant / a l'usine
hauteur totale	73 - 180 cm
Dimensions	H 3,4 cm | B 1,6 cm | L 73 - 135 cm

Description

The Knapstein LARA-L134 can be adjusted in length by pulling or pushing the outer rails between 72.5 cm and 134.5 cm. The total height of the lamp can be adjusted between 73 cm and 180 cm at any time by pulling or lifting the lamp. The lamp can also be suspended at an angle. The pendant lamp emits light simultaneously upwards and downwards. The uplight and downlight can be separately switched and continuously dimmed by gesture control. The sensor area of the gesture control is located on the top of the middle pendulum rail. The lamp is switched on and off with a wiping hand movement in the sensor area. By holding the hand in the sensor area for a longer period of time, the light intensity can be continuously adjusted. The last light intensity setting is saved by the memory function and is automatically selected the next time the lamp is switched on.

The LARA-L134 is in matt nickel finish. The ceiling canopy is held by magnets. In addition to this pendant lamp, the LARA-L205 is also available from the series, adjustable in length between 107.4 cm and 205 cm. On request, the LARA is also available in other lengths or surfaces.
