Knapstein

THEA-T

Oberfläche

- nickel
- noir
- bronze

Technical details

Pays de fabrication	Allemagne
fabricant	Knapstein
concepteur	Knapstein
année	2019
protection	IP20
Contenu de la livraison	LED
Projection en cm	52
matériel	métal
atténuation	controle gestuel
Puissance en Watt	13 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	1.700
La température de couleur en Kelvin	2.700 extra blanc chaud
Pied de lampe dimensions	17 cm
remplacement des ampoules :	chez le fabricant / a l'usine
Dimensions	H 56 cm

Description

The lamp head of the Knapstein THEA-T table lamp can be individually adjusted with a swivel and tilt joint. The lamp can be tilted at the base of the lamp via a ball joint. The lamp can be switched and continuously dimmed by gesture control. The sensor of the gesture control is located on the lamp head. The lamp is switched on and off with a wiping hand movement in the sensor area. To dim the lamp continuously, the hand is held below or above the sensor for a longer period of time. A memory function saves the last light intensity setting and automatically selects it the next time the lamp is switched on. In the event of a mains failure, the lamp is automatically switched on again if it was previously switched on. It remains switched off if it was also switched off before. This function is suitable for use with switchable sockets. The THEA-T is available in matt nickel, black and bronze effect.
