

Foscarini

Big Bang Sospensione

Oberfläche

- red
- white

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Year of design	2005
protection	IP20
Scope of delivery	Luminaires
material	aluminum, methacrylate
cable length	320 cm
height adjustment	height determinable
dimming	on site dimmable with a leading edge dimmer
socket/light fixture	R7s
Power (max. Watt)	160 Watt
Luminous flux in lm	3,100
Color temperature in Kelvin	2,900 warm white
canopy dimensions	22 cm
light distribution	room light
Dimensions	H 66 cm B 96 cm

Description

The Foscarini Big Bang Sospensione is a pendant lamp. Enrico Franzolini and Vicente Garcia Jimenez succeeded in keeping a very unique dynamics with the Big Bang Sospensione. The differently sized methacrylate plates overlapping each other seem randomly arranged as if an explosion took place before. This overlapping arrangement creates a diffuse and dazzle-free light distribution and it results in a pleasant atmosphere inside the room. The Foscarini Big Bang Sospensione has a mounting consisting of lacquered metal. The colours red and white are offered.
