## Squadra Mono 125

### Oberfläche

- Aluminum polished
- matt aluminum
- Aluminum black matt
- satin white powder coated

### Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Byok
<b>Designer</b>	Kai Byok
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>material</b>	aluminum
<b>cable length</b>	250 cm
<b>height adjustment</b>	height determinable
<b>dimming</b>	on site dimmable with a trailing edge dimmer
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	90
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>system performance</b>	8 x 3.6 Watt
<b>Total luminous flux in lm</b>	2,448
<b>light distribution</b>	indirectly
<b>Dimensions</b>	H 4 cm   B 9 cm   L 125 cm

### Description

The Byok Squadra Mono 125 is an elongated pendant lamp in a clear design. This creates the characteristic lines. The suspension hooks are attached to one side of the Squadra Mono 125. The filigree steel cables emphasise the puristic look.

The ends of the lamps are closed with matt-transparent and translucent end caps. In this way, the Squadra Mono 125 sets additional light accents when illuminated. The integrated LEDs can be dimmed on site with a trailing edge phase dimmer. On request, they are also available with gesture control and Dim2Warm technology. With gesture control, the light is dimmed by holding the hand flat under the lamp. By using Dim2Warm technology, the light takes on a warmer colour when dimmed. When dimmed, the light colour of the LEDs changes from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white.

The LED lamps are integrated in sockets, so the bulbs can be replaced individually. The Squadra Mono 125 is available in four finishes. Byok also offers two larger lamps from the Squadra Mono series (Squadra Mono 165 and 200).
