Nastrino USM-Adapter

Oberfläche

- matt aluminum
- matt black

Technical details

Country of Manufacture

| | |
|------------------------------------|--------------------------|
| Manufacturer | Byok |
| Designer | Kai Byok |
| protection | IP20 |
| Scope of delivery | LED |
| Projection in cm | 60 |
| material | aluminum |
| cable length | 300 cm |
| dimming | gesture control |
| LED | replaced by professional |
| Colour Rendering Index | 90 |
| Color temperature in Kelvin | Dim to warm |
| system performance | 2 x 3.6 Watt |
| Total luminous flux in lm | 610 |
| light distribution | directly |
| Dimensions | H 55 cm |

Description

The Byok Nastrino USM-adapter is a table lamp, characterised by its functionality. High-quality LED technics, combined with two dazzle-free light zones, create the ideal working light. This is underlined by the well-designed joint technics, used with the Nastrino USM-adapter.

The design is very nice as well, because this lamp consists of simple ground aluminium profiles. There are offered these surfaces: aluminium matt and matt black. Byok offers this lamp also with a table clamp, table stand, rotating base and wall lamp as well. This lamp is dimmed with gesture control. During dimming thanks to the Dim2Warm technology, the light takes on a warmer colour, changing the light colour of the LEDs from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white.
