

Vibia

Halo Circular 2332

Technical details

Country of Manufacture	 Spain
Manufacturer	Vibia
Designer	Martín Azúa
protection	IP20
Scope of delivery	LED
material	polymethylmethacrylate, steel
surface	white
height adjustment	height determinable
dimming	1-10V dimmable
LED	inclusive
Colour Rendering Index	>80
Color temperature in Kelvin	3,000 warm white
canopy dimensions	35 cm
system performance	3 x 23 Watt
Total luminous flux in lm	5,180
total height	350 cm
Dimensions	B 80 cm L 127 cm

Description

The Vibia 2332 is a three-lighted pendant lamp with modern LED technology. It was created by the designer Martín Azúa, who designed the lamp with three circular elements made of matt white PMMA. Each one of these three elements can be set in height separately and can be suspended up to a maximum of 350 cm. The lamp is free to hang horizontally or diagonally. Three efficient LEDs are included. The lamps are electronically dimmable from 1-10V. On request there are also offered a DALI as well as a dimmable version with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
