### Description

The Vibia Halo Circular 2333 is a 5-light pendant lamp with modern LED technology. The designer is Martín Azúa who developed the lamp with five circular elements made of matt white PMMA.

Each of these five elements is separately set in height and can be hung to a maximum of 350 cm whereby the lighting can be hung horizontally or diagonally. Five efficient LEDs are included. The lamps are dimmable electronic 1-10V. On request, there is also offered a DALI or a with Casambi module dimmable version. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
