## Cosmos 2510

### Technical details

<b>Country of Manufacture</b>	 Spain
<b>Manufacturer</b>	Vibia
<b>Designer</b>	Lievore Altherr Molina
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>material</b>	ABS, polycarbonate, steel
<b>height adjustment</b>	height determinable
<b>dimming</b>	DALI dimmable
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>80
<b>Luminous flux in lm</b>	1,455
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>canopy dimensions</b>	Length 42 cm, width 28 cm
<b>system performance</b>	3 x 4.5 Watt
<b>total height</b>	200 cm
<b>Dimensions</b>	B 24 cm   L 55 cm

### Description

The Vibia Cosmos 2510 is a three-lighted pendant lamp, which should remind of a constellation of different moons. The designer team Lievore, Altherr and Molina created this light. Three round, disk-shaped lamp shades made of polycarbonate in various sizes and colours form the lamp.

The two larger lamp shades measure 27 cm in diameter and are green matt or light grey matt. The smallest lamp shade is finally 19 cm in size and dark brown matt. The three lamp shades can be suspended up to a maximum of 200 cm. Three modern 4.5 watt LEDs are included. The lamp can be dimmed on site (DALI, 1-10 Volt or Push). On request, a version is available that is dimmable with Casambi module. The lamp with Casambi module can be operated via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
