### Description

The Bamboo Vibia 4820 is a wall lamp for outdoor use and was created by the designer team Antoni Arola and Enric Rodríguez. Vibia offers the sleek, modern lamp in the surfaces khaki, brown and off-white. An efficient 2.1 watt LED is inclusive and provides a direct, localized light emission. With the protection class of IP66, the wall light is well protected against water and dust deposits. With a configuration of at least two lamps, different light effects can be created on a wall. The lamp mainly emits indirect light to the wall. Depending on how the wall light is mounted, the lighting can be aligned upwards or downwards.
