Description

The Vibia Skán 0275 has a 60 cm measuring lamp shade and is the larger one-flame pendant light in this family. The Skán 0275 is designed for surface mount. The colours offered are white, terra red, beige, green, blue or black. The lamps are height determinable up to 200 cm. An efficient 13.9 watts LED is included. The light is created by the design team Lievore, Altherr and Molina. It can be dimmed by the customer (1-10 Volt or Push). On request, there are also offered DALI dimmable versions or versions that can be dimmed via a smartphone with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer. The light is also available on request with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white or with a special cable length.
