## Description

The Vibia Suite 6045 - 6046 are LED wall lights and at the same time simple wall boards. On the shelf board, a reading light is installed, which is rotatable and additionally has a rotatable and pivotable diffuser. In this reading light a LED is integrated. The reading light is kept in the color mink matt Pantone 407c matte. Under the shelf board, another LED is placed watts, which sends the light glare-freely downward. The extraordinary design originates from Jordi Vilardell and Meritxell Vidal. The Vibia Suite 6045 - 6046 is available in brown and white.

In Suite 6045, the reading light is mounted on the left-side, in Suite 6046 it is mounted on the right-sided. For example, if mounting right and left of the couch or the bed another one of the two lights, a symmetrical lighting is obtained. At the bottom of the shelf is the switch for switching the lamp and the reading light on and off.
