### Description

The Foscarini Chouchin Reverse 3 is one of three Chouchin lights which designed the designer Ionna Vautrin 2015 as a new edition of the old Chouchin. The white oval shaped diffuser consists of blown glass painted, has a grey bottom ring and the light shines directly down from it. The supplied cable and the corresponding rope suspension can help to a maximum suspension of 340 cm of light. In deeper areas, the cable can be shortened as required. As light source, an exchangeable LED retrofit is included.
