## Nastrino Pico USB Adapter

### Oberfläche

- matt aluminum
- matt black

### Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Byok
<b>Designer</b>	Kai Byok
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>Projection in cm</b>	35
<b>material</b>	aluminum
<b>cable length</b>	300 cm
<b>dimming</b>	gesture control
<b>LED</b>	replaced by professional
<b>Colour Rendering Index</b>	90
<b>Color temperature in Kelvin</b>	Dim to warm
<b>system performance</b>	2 x 3.6 Watt
<b>Total luminous flux in lm</b>	610
<b>light distribution</b>	directly
<b>Dimensions</b>	H 30 cm

### Description

The Byok Nastrino Pico with USB-adapter is a table lamp, characterised by its functionality. High-quality LED technics combined with two dazzle-free light zones create the ideal working light. This is underlined by the well-thought-out joint technics used with the Nastrino Table Stand.

The design is very nice as well because this lamp consists of simple ground aluminium profiles. These different surfaces are offered for the Byok Nastrino USB adapter: aluminium matt and black matt. Byok offers this lamp with a table clamp and a table stand as well. The Nastrino Pico USB Adapter is dimmed with gesture control. During dimming, the light takes on thanks to the Dim2Warm technology a warmer colour, changing the light colour of the LEDs from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white.
