Club Floor

Version

- large
- medium
- small

Gestell

- brushed aluminum
- black lacquered

Technical details

Country of Manufacture	 Germany
Manufacturer	Serien Lighting
Designer	Jean Marc da Costa
protection	IP20
Scope of delivery	LED
material	aluminum, Chintz
cable color	black
cable length	200 cm
dimming	with push button dimmer on the lamp shade, separately switchable and dimmable
LED	inclusive
Colour Rendering Index	>97
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	24 cm
bulb exchange	on site itself
system performance	2 x 5 Watt Downlight + 1 x 10 Watt Uplight
Total luminous flux in lm	1,930

Description

The Serien Lighting Club Floor floor lamp emits light into the room through its lamp shade. Three LEDs are integrated as illuminants, of which the two lower ones also emit their light downwards as reading light. The upper LED also directs its light upwards. The three LEDs can be switched and dimmed separately via push button dimmers on the lamp shade, so that the downward and upward light can be individually combined or used separately.

The unused cable can be coiled up in the base of the lamp. The frame is available either in brushed aluminum or lacquered black. The shade is made of white chintz cotton. The floor lamp is operated with three integrated LEDs, each with a colour temperature of 2,700 Kelvin extra warm white.
