LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	543
Color temperature in Kelvin	2,700 extra warm white
system performance	3 x 2.1 Watt
Dimensions	H 9 cm Ø 19 cm

Description

The Vibia Domo 8200 is a round ceiling lamp with a symmetrical, cylindrical shape. The diffuser is made from aluminum. Due to its size, the ceiling light is suitable for illuminating large rooms or to highlight furniture. The Vibia Domo 8200 emits its light directly downwards. The Ceiling mounted light can be mounted in a group or individually.

This lamp is available in matt white lacquer. It is on offer as one not-dimmable and one on site dimmable version (0-10 Volt dimmable). As standard, this lamp has a colour temperature of 2,700 Kelvin extra warm white; on request, it is also available with 3,000 Kelvin warm white or 3,500 Kelvin white.
