

Ingo Maurer

Holonzki

Technical details

Country of Manufacture	 Italy
Manufacturer	Ingo Maurer
Designer	Maurer, Ingo & Knuth, Eckard
Year of design	2000
protection	IP20
Scope of delivery	LED
Projection in cm	53
material	glass, metal
beam angle	24 degrees
cable color	black
cable length	250 cm
socket/light fixture	GU4
switchability	pull switch
Wattage	3.5 W
LED	inclusive
Luminous flux in lm	210
Color temperature in Kelvin	2,700 extra warm white
bulb exchange	on site itself
light distribution	indirectly
Dimensions	H 18 cm B 13 cm

Description

The Ingo Maurer Holonzki is a wall lamp completely fabricated in handwork in a complex process. Thus each lamp is unique and carries an individual handwriting in the end. The materials used for the Holonzki are a glass hologramm and metal. The hologramm shows a virtual bulb seeming to float inside the room. This is a nice optical illusion created by the Holonzki. Being amazing in its effect the Ingo Maurer Holonzki does not only enthuse freaks of technics.
