| <b>light distribution</b>     | directly  |
| <b>Dimensions</b>             | H 27 cm   Ø 30 cm   |

### Description

The Oluce The Globe 828 is a pendant lamp with a diameter of 30 cm. The height is 27 cm. It consists of a transparent, hand-blown glass, in which a cylindrical metal lamp socket is attached. In this lamp body, the bulb is included. The lamp emits both direct light and diffused ambient light. The pendant lamp has a satined nickel surface. As a light source is suitable a high-voltage halogen lamp with a maximum power of 60 watts or an LED Rerofit bulb. The pendant lamp concept was designed in 1964 by Joe Colombo, reissued by Oluce in 2015.
