<b>material</b>	polycarbonate, steel
<b>socket/light fixture</b>	E27
<b>switchability</b>	on the light head
<b>Power (max. Watt)</b>	70 Watt
<b>Shade diameter</b>	16 cm
<b>light distribution</b>	directly

### Description

The Luceplan Fortebraccio Spot 100 W has a swiveling lamp head that can be re-aligned again and again. For this purpose, a handle is attached to the head, on which also the on / off switch is located. From this series, this one is the larger of two wall lights. It can also be mounted on the ceiling. The light head has a diameter of 16 cm. With a projection of 36 cm, the lamp stands as much from the wall or ceiling as the smaller Fortebraccio Spot 60 W.

The Fortebraccio Spot 100 W spotlight is available in these surfaces: black soft-touch, metal and white. The Fortebraccio wall and ceiling light was created in 1998 by Paolo Rizzatto as well Alberta Meda.
