

Vibia

Algorithm 0885

Oberfläche

- graphite-grey
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	Vibia
Designer	Toan Nguyen
Year of design	2015
protection	IP20
Scope of delivery	LED
material	aluminum, glass, polycarbonate, steel
dimming	1-10V dimmable
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	7.494
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	29 cm
bulb exchange	at the manufacturer / at the factory
system performance	24 x 3.15 Watt
Dimensions	B 160 cm

Description

The Vibia Algorithm 0885 consists of 24 pendant lamps arranged in a star shape. The suspension of the 24 pendant lights has a length of 160 cm and a width of 160 cm. The pendulums on this lamp have a length of 120 cm or 106 cm lower edge glass / suspension. On each pendulum hangs a mouth-blown glass. Each glass has a diameter of 9 cm. The glass fixings are offered in graphite-grey or white matt.

The canopy is mounted on the ceiling. Below this hangs the suspension. The distance between ceiling and suspension is freely selectable between 16 - 200 cm. The cable length is set to 120 cm or 106 cm and cannot be shortened. If required, please let us know the desired cable length. A recessed canopy is also available on request. The 2015 lamp series was designed by Toan Nguyen, who was inspired by geometric structures in nature. The 24 LEDs can be dimmed on-site with 1-10 Volt, Push or DALI. On request, the lights are also available with LEDs that can be dimmed via smartphone with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer. The pendant lamp has a colour temperature of 2,700 Kelvin extra warm white. On request it is also on offer with 3,500 Kelvin white.
