

# Vibia

## Algorithm 0885

### Oberfläche

- graphite-grey
- white

### Technical details

<b>Country of Manufacture</b>	 Spain
<b>Manufacturer</b>	Vibia
<b>Designer</b>	Toan Nguyen
<b>Year of design</b>	2015
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>material</b>	aluminum, glass, polycarbonate, steel
<b>dimming</b>	1-10V dimmable
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>90
<b>Luminous flux in lm</b>	7.494
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>canopy dimensions</b>	29 cm
<b>bulb exchange</b>	at the manufacturer / at the factory
<b>system performance</b>	24 x 3.15 Watt
<b>Dimensions</b>	B 160 cm

### Description

The Vibia Algorithm 0885 consists of 24 pendant lamps arranged in a star shape. The suspension of the 24 pendant lights has a length of 160 cm and a width of 160 cm. The pendulums on this lamp have a length of 120 cm or 106 cm lower edge glass / suspension. On each pendulum hangs a mouth-blown glass. Each glass has a diameter of 9 cm. The glass fixings are offered in graphite-grey or white matt.

The canopy is mounted on the ceiling. Below this hangs the suspension. The distance between ceiling and suspension is freely selectable between 16 - 200 cm. The cable length is set to 120 cm or 106 cm and cannot be shortened. If required, please let us know the desired cable length. A recessed canopy is also available on request. The 2015 lamp series was designed by Toan Nguyen, who was inspired by geometric structures in nature. The 24 LEDs can be dimmed on-site with 1-10 Volt, Push or DALI. On request, the lights are also available with LEDs that can be dimmed via smartphone with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer. The pendant lamp has a colour temperature of 2,700 Kelvin extra warm white. On request it is also on offer with 3,500 Kelvin white.
