## Mayfair 5520

### Oberfläche

- green
- orange

### Technical details

<b>Country of Manufacture</b>	 Spain
<b>Manufacturer</b>	Vibia
<b>Designer</b>	Diego Fortunato
<b>Year of design</b>	2016
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>Diameter in cm</b>	30
<b>material</b>	methacrylate, polycarbonate, steel
<b>height adjustment</b>	height determinable
<b>dimming</b>	1-10V dimmable
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>90
<b>Luminous flux in lm</b>	2,027
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>canopy dimensions</b>	16 cm
<b>system performance</b>	1 x 2.4 + 1 x 12.6 Watt
<b>total height</b>	200 cm
<b>Dimensions</b>	H 6 cm   Ø 30 cm

### Description

The Vibia Mayfair 5520 pendant lamp has a translucent shade which for the most part directs the light directly downwards. In part, the light is also emitted through the shade into the room and upwards, where it is reflected by the wall or ceiling. The lamp is an update of pendant lamps over billiard tables, whereby the designer Diego Fortunato chose a fresh, innovative design. The lamp shade is available in green or orange. In both versions, the light rod is in graphite grey. The pendant light is height settable and dimmable on site with 1-10 volts or Push. A DALI dimmable version or a version with Casambi module is also available on request. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. The Casambi technology also offers the option of switching the light on at specific times via a timer. In addition to this lamp with translucent shade, the Mayfair 5525 with opaque shade and other surfaces is also offered from the series.
