Technical details

Country of Manufacture	 Spain
Manufacturer	Vibia
Designer	Arik Levy
Year of design	2016
protection	IP20
Scope of delivery	LED
Projection in cm	130
material	aluminum, carbon fiber, methacrylate, steel
cable length	250 cm
dimming	Dimmer on the wall bracket
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	2,538
Color temperature in Kelvin	2,700 extra warm white
system performance	2 x 9 Watt
Dimensions	H 175 cm L 250 cm

Description

The Vibia North 5635 is a wall lamp with a separated wall bracket and light sources. Two arms of different lengths are stretched out from the wall bracket, to each of which a lamp shade is attached by cable. The two lamp arms can be swivelled, so they can be readjusted again and again. The height of the lamp shades can be individually adjusted. The wall lamp is available in the surfaces white, black, blue and beige. All versions are matt lacquered. It is possible to connect the North 5635 with or without plug. The light can be regulated via a dimmer on the wall bracket.
