Technical details

Country of Manufacture	 Italy
Manufacturer	Stilnovo
Designer	Mirco Crosatto
Year of design	2016
protection	IP20
Scope of delivery	LED
material	aluminum, polycarbonate
height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Colour Rendering Index	90
Color temperature in Kelvin	3,000 warm white
system performance	2 x 20.5 Watt
Total luminous flux in lm	5,163
light distribution	directly
total height	200 cm
Dimensions	B 22 cm L 96 cm

Description

Die Stilnovo Tablet P2 is a rectangular, minimalist double pendant lamp with two independent swivelling modules. Available in white or black surfaces, each of the two straight aluminum bodies frames a module of the same material that can be swivelled 350°. With LED source shielded from a polycarbonate diffuser, so you can choose the orientation of the light, direct or indirect. The two rectangular pendants can create configurations that can be customised in height and reciprocal position (parallel or crossed). Steel cables also act as conductors, for an even more minimal aesthetic. The pendant lamp can be dimmed by the customer and is dimmable by an optional Casambi module via smartphone.
