### Description

The Stilnovo Mongolfier P1 is an organic structure that wraps around itself, until it takes on the contours of a tapered circular shape. It is available in black painted metal, rose gold or black nickel finish. The pendant lamp is perfect for illuminating a dining table or living room. Its vintage appeal is also ideal for creating the right atmosphere in a restaurant or bistro.

The brand new Warm Tune technology, through its cutting-edge LEDs, evokes the old incandescent lamps. The lower the intensity, the warmer and softer the light, until a candle effect is reached. The arrayLED source and the study of the dedicated optical units ensure unprecedented visual comfort, a perfectly clean light cone and a high colour rendering index (CRI92): the same characteristics are found when the lamp is set both at the maximum intensity, with a 3,000 Kelvin colour temperature, and at the minimum intensity, with a 1,800 Kelvin colour temperature. The modern pendant lamp is also suitable for cluster compositions. This lamp can be dimmed on site and can also be dimmed with an optionally available Casambi module via Smartphone App.
