### Description

The Vistosi Balance SP 24 pendant lamp has a diffuser made of glossy white, 3-fold coated crystal glass. The glass is made by hand and mouth-blown in a complex process. This lamp emits homogeneous and glare-free ambient light. Its diffuser is 24 cm long, 21 cm wide and 11 cm high. The diffuser is mounted with satin nickel-plated metal. The Balance SP 24 can be operated also with LED retrofits. The cable can be shortened if required. With the supplied ceiling hook, the pendant lamp can also be mounted independently of the power outlet.
