

Vistosi

Bolle SP P

Oberfläche

- transparent
- white

Version

- G9
- LED

Technical details

Country of Manufacture	 Italy
Manufacturer	Vistosi
Designer	Barbara Maggiolo
Year of design	2003
protection	IP20
Scope of delivery	Leuchtmittel/Bulb
Diameter in cm	16
material	crystal glass, metal
cable length	200 cm
height adjustment	height determinable
dimming	dimmable on site
Dimensions	H 15 cm Ø 16 cm

Description

The Vistosi Bolle SP P is a pendant lamp with a shade made of mouth-blown crystal glass. The Balaton technique is used in the manufacturing process: air bubbles are enclosed into the glass to obtain a special texture. This texture multiplies the reflections on the surface of the lamp. The light is emitted from the lamp directly downwards and into the room. The Bolle SP P has a diameter of 16 cm and a height of 15 cm. It is available in crystal transparent and white surfaces. The cable with a maximum length of 200 cm can be shortened if required. With the supplied ceiling hook, the pendant lamp can also be mounted independently of the power outlet. The G9 lamp can also be operated with replaceable LEDs (retrofits).
