## Description

The Vistosi Riflesso LT 3 table lamp has a lamp shade made of mouth-blown and hand-crafted crystal glass. The lamp shade is available in light amethyst and transparent crystal. The surfaces brass gold satin and copper satin are available for the lamp base. The metal element on top of the shade is also in brass gold satin and copper satin. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated in the base as a light source. On request, it is also available with a colour temperature of 3,000 Kelvin warm white. The light is emitted from the LED upwards and through the shade into the room without glare. The table lamp Riflesso LT 3 from Vistosi is regulated by a dimmer on the supply line.
