Description

The Holtkötter Plano S floor lamp can be tilted via a ball joint at the base of the lamp. There is also a joint on the lamp head with which it can be turned and folded. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated into the lamp head, which can be regulated via a push button dimmer on the light rod. A memory function saves the last brightness level set and selects it again the next time it is switched on. The Plano S floor lamp from Holtkötter is made of high-quality metal and is available in matt aluminum, anodised brass, black and platinum.
