| Dimensions | H 12 cm B 3 cm L 3 cm |

Description

The Ingo Maurer Flying Flames Downlight is an accessory for the Flying Flames pendant lights and is attached to the canopy with a magnet. Up to three Downlights can be hung on a Flying Flames canopy. The Downlight emits its light directly downwards and is available in black or chrome. The light can be dimmed continuously via an integrated touch dimmer. A memory function saves the last dimming setting for the downlight. The cable can be shortened if required.
