<b>bulb exchange</b>	on site itself
<b>Dimensions</b>	H 24 cm   Ø 16 cm

### Description

The Serien Lighting Drum Ceiling S Long ceiling light is 24 cm high and has a diameter of 16 cm. It is available with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. The lamp with dim to warm function imitates the pleasant dimming behaviour of classic incandescent lamps. As a result, the light not only becomes darker when dimmed down, but also changes its colour temperature from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white.
