### Description

The Serien Lighting Drum Suspension Rope M Short pendant lamp is attached to the ceiling with stainless steel cables and can be determined in total height between 15 cm and 195 cm when mounted. Its glass has a diameter of 22 cm and a height of 13 cm. The Drum Suspension Rope M Short is offered with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. With the dim to warm function, the dimming behaviour of classic incandescent lamps is imitated, which is often perceived as pleasant. When dimmed down, the light not only becomes darker, but also changes its colour temperature from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white.
