Description

The pendant lamp Mos 02 is produced by the Spanish manufacturer Bover. The round shape of the lampshade is created by combining several rings of different sizes with a coating of translucent striped bands. The lampshade has a diameter of 90 cm and is 69 cm high. The lamp is suspended from a ceiling canopy with a diameter of 14 cm using thin steel tension cables. The maximum pendant length of the Bover Mos 02 is 220 cm. This pendant lamp with transparent cable is available in the shade colours white and cream. The light of this pendant is emitted directly downwards and through the translucent fabric of the lampshade. The Bover Mos 02 has E27 sockets and can be used with LED retrofit lamps.
