

Knapstein

LINN-L161

Oberfläche

- nickel
- black

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
Year of design	2019
protection	IP20
Scope of delivery	LED
material	metal
height adjustment	height adjustable
dimming	gesture control
Wattage	51 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	5,815
Color temperature in Kelvin	2,700 extra warm white
bulb exchange	at the manufacturer / at the factory
total height	73 - 180 cm
Dimensions	H 3.4 cm B 1.6 cm L 161 cm

Description

The Knapstein LINN-L161 is a pendant lamp with a length of 161 cm. By pulling or lifting the lamp itself, the total height can be adjusted between 73 cm and 180 cm. The lamp can also be suspended at an angle. The lamp emits its light simultaneously upwards and downwards. The upright and the downlight can be switched separately by gesture control and infinitely dimmed. The sensor area for gesture control is located centrally at the top and bottom of the lamp. The pendant lamp is switched on or off with a wiping movement of the hand. The lamp can be dimmed continuously by holding the hand in the sensor area for a longer period of time. A memory function saves the last light intensity set and automatically selects it the next time the lamp is switched on.

The LINN-L161 pendant lamp is available in matt nickel and black. A lamp with a length of 128 cm is also offered from the series. In addition, LINN pendant lamps are available with height adjustment by stoppers on the cables. These are offered in a length of 68 cm, 128 cm or 161 cm. On request, the LINN is also available in other lengths or surfaces.
