Description

The Foscarini Rituals XL Terra is a floor lamp with a mouth-blown satinised glass. In an elaborate process, even grooves are engraved into the glass. When the lamp is switched on, the grooves create light reflections on the surface of the glass. The light is emitted through the glass in all directions without glare. The Rituals XL Terra by Foscarini has a height of 188 cm and is available in white, graphite and gold. The lamp base and lamp rod are each supplied in the matching surface. The glass is 41 cm high and has a diameter of 40 cm. The floor lamp is regulated by a dimmer on the supply line. The E27 socket can be operated with halogen lamps, LEDs or compact fluorescent lamps.
