### Description

The Catellani & Smith Vi. W has two lamp rods between which a semi-circular lamp head with a magnetic connection is integrated. Thanks to the magnetic connection, the lamp head can be rotated by 360 degrees, so that its light can always be redirected. The lamp rods, lamp head and wall bracket are all made of metal. The mounting of the lamp head is made of brass. The Vi. W by Catellani & Smith is 53 cm high and 25 cm wide. It is available in white or black. The wall lamp can be dimmed on site.
