

# Knapstein

## PIA-4

### Technical details

|                                    |   |
|------------------------------------|---|
| <b>Country of Manufacture</b>      |  Germany |
| <b>Manufacturer</b>                | Knapstein   |
| <b>Designer</b>                    | Knapstein   |
| <b>Year of design</b>              | 2019  |
| <b>protection</b>                  | IP20  |
| <b>Scope of delivery</b>           | LED   |
| <b>material</b>                    | brass, glass  |
| <b>dimming</b>                     | dimmable with a trailing edge dimmer and with a leading edge dimmer                         |
| <b>LED</b>                         | inclusive   |
| <b>Colour Rendering Index</b>      | >90   |
| <b>Color temperature in Kelvin</b> | 2,700 extra warm white  |
| <b>system performance</b>          | 4 x 10 Watt   |
| <b>Total luminous flux in lm</b>   | 3,920   |
| <b>Dimensions</b>                  | H 5 cm   B 41 cm   L 41 cm  |

### Description

The Knapstein PIA-4 is a square ceiling lamp. It has a length and width of 41 cm each. Its total height is 5.2 cm. Its flat design is made possible by a magnetic holder, which ensures also that no visible screws in the ceiling housing are existing. The light is diffused and homogeneously distributed downwards through a matted glass. The ceiling housing has a matt nickel-plated surface. Four integrated LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are included as light sources. The PIA-4 from Knapstein can be dimmed on site with a phase dimmer. The smaller, square PIA-1 and other rectangular or round ceiling lights are also available from the series.
