### Description

The Steng Ax-LED Floor Lamp has a height of 160 cm. The integrated LED light source runs along the entire length of the lamp rod and emits its light into one direction, so that it can be indirectly directed to the wall behind it, for example. The Ax-LED floor lamp is available in the surfaces matt black with fine structure. Its lamp base with a diameter of 8 cm is always black with structure coating. A dimmer is integrated on the lamp base. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white.
