## Avion Floor Lamp

### Oberfläche

- aluminum
- black
- white

### Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Gera Leuchten
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>material</b>	aluminum
<b>cable length</b>	200 cm
<b>dimming</b>	Micro button switch on the light
<b>Wattage</b>	26 W
<b>LED</b>	inclusive
<b>Luminous flux in lm</b>	1,260
<b>Color temperature in Kelvin</b>	2,700 - 6,000 adjustable
<b>bulb exchange</b>	on site itself
<b>Dimensions</b>	H 180 cm

### Description

The Gera Leuchten Avion is a floor lamp with a height of 180 cm. An LED with a power of 26 watts is integrated in the round lamp rod of the Avion by Gera Leuchten. The lamp has a 2 metre long connection cable with integrated foot switch. With its curved profile cross-section, the Gera Avion floor lamp is reminiscent of the gentle wing shape of a bird. This lightness in design is reflected in its operation: the lamp can be dimmed and the colour temperature adjusted from 2,700 Kelvin extra warm white to 6,000 Kelvin cool white via an integrated microswitch. The lamp is available in anodised aluminium, black or white lacquer. It is designed as a reflected wallwasher and illuminates the room, even in front of large curtains.
