Avion Wall Lamp 100

Oberfläche

- aluminum
- black brown

Technical details

Country of Manufacture Germany

Manufacturer Gera Leuchten

protection IP20
Scope of delivery LED aluminum

cable length 200 cm

dimming Micro button switch on the light

Wattage 14.5 W
LED inclusive
Luminous flux in Im 700

Color temperature in Kelvin 2,700 - 6,000 adjustable

bulb exchange on site itself

Dimensions H 4 cm | B 9 cm | L 100 cm

Description

The Avion wall lamp by the German manufacturer Gera Leuchten has a 4-stage swivel range that allows the emitted light to highlight different wall areas depending on the setting. In four selectable stages (4-stage by 69 degrees), the lamp can be adjusted to illuminate wall areas of different sizes underneath it. This LED wall light is in the surface aluminium-coloured. The Avion by Gera Leuchten is 100 cm long, 8.8 cm wide and 4 cm high. The lamp connection is located centrally, directly at the connection terminal. The lamp can be dimmed and the colour temperature adjusted from 2,700 Kelvin extra warm white to 6,000 Kelvin cool white via an integrated micro-knob switch. The scope of delivery also includes a two-metre plug-in cable.
