<b>material</b>	Lunopal, Textile, wood
<b>dimming</b>	dimmable on site
<b>socket/light fixture</b>	E27
<b>Power (max. Watt)</b>	100 Watt
<b>shade color</b>	white
<b>Dimensions</b>	H 44 cm   B 24 cm

### Description

The Domus Plan B is a wall lamp with a white lampshade made of Lunopal. Lunopal is a high-quality shade material that was developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The completely environmentally friendly material is UV-resistant, washable and does not yellow. Due to the washability of the shade material, it is excellently suited for use in the contract sector, for example in kindergartens or schools. The oiled wooden elements of the lamp are optionally available in the surface beech or beech maron-oil. The lampshade can be mounted rising to the left or right. This makes the Plan B wall lamp by Domus ideal for lighting staircases. This lamp is 24 cm wide, 44 cm high and has a projection of 12 cm. The Plan B wall lamp has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
