

Domus

Julii Pendant Lamp 36

Kabelfarbe

- red
- grey
- black

Technical details

Country of Manufacture	 Germany
Manufacturer	Domus
Designer	Stefan Wehrmann
Year of design	2009
protection	IP20
Scope of delivery	Leuchtmittel/ Bulb
material	Lunopal, Textile
cable length	200 cm
height adjustment	height determinable
dimming	dimmable on site
socket/light fixture	G9
shade color	white
Shade diameter	36 cm
Shade height	30 cm
system performance	4 x 33 Watt (max)

Description

The cleverly intertwined shade elements made of Lunopal are reminiscent of airy towering cloud mountains. Lunopal is a high-quality shade material developed by Domus. This material is highly thermally resistant and can withstand temperatures up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The environmentally friendly material is UV-resistant, washable and does not yellow. A textile-covered cable in either red, black or silver-grey is used as the supply cable. The 200 cm long textile cable of this height-adjustable lamp deliberately contrasts with the white lampshade. The white lamp shade of the Domus Julii pendant lamp is 30 cm high and has a diameter of 36 cm. The Domus Julii pendant lamp has four G9 sockets and is operated with bulbs with a maximum power of 32 watts.
