Year of design	2016
protection	IP20
Scope of delivery	Leuchtmittel/Bulb
material	brass, gold, steel
height adjustment	height determinable
dimming	dimmable on site
bulb exchange	on site itself

Description

The Mammalampa The Queen Pendant Lamp is a handcrafted lamp made of exclusive materials. The exterior of the lamp is made of corroded steel, while the interior is gold-plated with 23.75 carats. The clean lines and simplicity characterise the contemporary design lamp shade. The ambitious combination of materials in turn creates a truly impressive image of a luxury design lamp. The two surfaces, steel and gold, are finished by hand; the golden shine of The Queen is guaranteed by the handwork of experienced goldsmiths. Since every lamp shade by Mammalampa is handmade exclusively with natural materials, each lamp is slightly unique.

The Queen Pendant Lamp is offered with a diameter of 20 cm, 45 cm, 57 cm or 90 cm. The height of the lamp shade varies depending on the diameter of the lamp. The pendant lamp is suspended from a rope that can be shortened if necessary. The light is emitted directly downwards from the lamp. Depending on the size, the lamp has an E14 or E27 socket that can be operated with halogen lamps or LED retrofits. All lamps by the manufacturer Mammalampa are exclusively designed and handmade by the manufacturer himself.
