## Description

This Bover Fora P floor lamp has a stable lamp base made of concrete. In addition, the Fora P is also available with an open cast iron base. The Fora P floor lamp has a lamp shade made of a weather-resistant, synthetic wickerwork, which is handmade. The lamp shade has a diameter of 50 cm. The total height of this floor lamp, which is suitable for both outdoor and indoor use, is 165 cm.

The Fora P with concrete lamp base is offered with the shade colours light beige and brown. The version of the lamp with a beige lamp shade has a lamp rod in white and a lamp base in beige, the version with a brown lamp shade has a lamp rod in graphite brown and a lamp base in grey. Thanks to the IP66 protection class, the Bover Fora P is dustproof and protected against strong jets of water, so that it is also ideal as an outdoor lamp.

The Fora P floor lamp is offered as halogen E27 and LED version. The halogen version has two E27 sockets and can be operated with replaceable LED retrofits. The LED version has an integrated LED with a colour temperature of 2,700 Kelvin extra warm white. This lamp in rattan look comes with a black, waterproof neoprene cable including plug. The halogen version has a total cable length of 250 cm, the LED version 369 cm.
