

B.Lux Speers S1/L

Oberfläche

- black
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	B.Lux
Designer	David Abad
Year of design	2015
protection	IP20
Scope of delivery	LED
material	aluminum, glass
cable length	400 cm
height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Wattage	9 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1,100
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	12 cm
Shade diameter	40 cm
Shade height	18 cm

Description

The B.Lux Speers S1/L emits its light directly downwards. An integrated glass lens focuses the emitted light and distributes it evenly downwards. The pendant lamp is suspended with a 400 cm long cable and is therefore also suitable for high ceilings. During installation, the lamp can be individually set in height.

The Speers S1/L is offered in the surfaces black or white. Its lamp shade is made of aluminum and is characterised by a matt texture. The pendant lamp is operated with a dimmable LED that has a colour temperature of 2,700 Kelvin extra warm white.
