

Domus

Kioto 6

Technical details

Country of Manufacture	 Germany
Manufacturer	Domus
Year of design	1989
protection	IP20
Scope of delivery	LED
material	Lunopal, metal, wood
dimming	on site dimmable with a trailing edge dimmer
Wattage	28 W
LED	inclusive
Colour Rendering Index	>80
Luminous flux in lm	4,200
Color temperature in Kelvin	3,000 warm white
Dimensions	H 8 cm B 36 cm L 68 cm

Description

The Domus Kioto 6 is 68 cm long and 36 cm wide. Its height is 8 cm. Its lamp shade is made of Lunopal, a high-quality material that Domus has developed for its lamp shades. It is reminiscent of fine Japanese paper, is particularly environmentally friendly and does not fade. The white transparent lamp shade is surrounded by a wooden frame made of beech. The Kioto 6 can also be used as a wall lamp and can be mounted as a surface-mounted or recessed lamp. It is operated by a powerful, dimmable LED and has a colour temperature of 3,000 Kelvin warm white. A beech covering frame is available as an optional accessory, which can be used to cover the metal bracket of the lamp.
