## Nebra NB04

### Schirmfarbe

- pale ivory
- taupe

### Technical details

<b>Country of Manufacture</b>	 Spain
<b>Manufacturer</b>	Arturo_Alvarez
<b>Designer</b>	cenlitrosmetrocaadrado
<b>Year of design</b>	2023
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>material</b>	stainless Steel, steel
<b>cable color</b>	black
<b>height adjustment</b>	height determinable
<b>dimming</b>	not dimmable
<b>Wattage</b>	20 W
<b>LED</b>	inclusive
<b>Luminous flux in lm</b>	2,173
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>canopy dimensions</b>	Length 30 cm, width 5 cm
<b>total height</b>	150 cm

### Description

The Arturo Alvarez Nebra NB04 pendant lamp has an elongated lamp shade. The lamp shade is made of a lacquered, particularly resistant stainless steel metal mesh. This stainless steel metal mesh is a translucent and flexible mesh made of metal, which is formed into the desired shape and structure. The pendant lamp is available in the shade colours taupe and beige.

The Nebra NB04 combines two types of light: direct downward light and decorative room light. The light emitted via the surface gives Nebra a weightless appearance. The lamp shade of the Nebra NB04 is 100 cm long and 3 cm wide. The shade height is 30 cm. When mounted, the pendant lamp can be individually set in total height. The lamp is operated with an integrated, particularly powerful LED that has a colour temperature of 2,700 Kelvin extra warm white.
