

Catellani & Smith Ettorino F

Oberfläche

- black
- multicoloured
- white

Technical details

| Country of Manufacture | ltaly |
|-----------------------------|-------------------------------------|
| Manufacturer | Catellani & Smith |
| Designer | Enzo Catellani |
| Year of design | 2022 |
| protection | IP20 |
| Scope of delivery | LED |
| Projection in cm | 73 |
| material | aluminum, metal |
| dimming | Push button dimmer at the light rod |
| Wattage | 10 W |
| LED | inclusive |
| Colour Rendering Index | 80 |
| Luminous flux in lm | 1,440 |
| Color temperature in Kelvin | 2,700 extra warm white |
| lamp stand dimensions | length 25, width 25 cm |
| bulb exchange | on site itself |
| Dimensions | H 103 - 165 cm |

Description

The Catellani & Smith Ettorino F floor lamp can be flexibly oriented. This allows the light to be directed exactly where it is needed. The lamp arm has a projection of 73 cm and can be individually tilted. Via a joint on the upper part of the lamp rod, the lamp arm can additionally be rotated 350 degrees around its own axis. The lamp head of the Ettorino F can be rotated and tilted. Depending on how the floor lamp is oriented, the lamp head has a height between 103 cm and 165 cm. Thanks to a patented process, the lamp always retains the set position.

The Ettorino F is available in the surfaces white, black and multicoloured. On the lamp arm, the floor lamp has a small, red, human figure as a design element. The lamp can be switched and dimmed continuously via a push button dimmer on the lamp rod. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white.
