

Foscarini

Nile

Oberfläche

- black
- white

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Designer	Rodolfo Dordoni
Year of design	2021
cable color	grau/schwarz
protection	IP20
Scope of delivery	LED
Depth in cm	21
material	marble, glass
cable length	200 cm
dimming	cord dimmer
socket/light fixture	E27
Power (max. Watt)	18 Watt
LED	inclusive
bulb exchange	on site itself
Dimensions	H 55 cm B 41 cm

Description

Designed by Rodolfo Dordoni, the Nile is a table lamp with an impressive visual effect that emits diffuse light downwards and upwards. The Foscarini Nile represents the balance between two opposites, between the delicate diffuser made of white, encased, hand-blown glass and the solid base made of hand-crafted, polished marble with a matt finish, Carrara marble in the white version and Marquina marble in the black version. The underside of the base is protected by a scratch-resistant rubber surface. The base and diffuser, with their different inclinations, are united thanks to an invisible interplay of weights, positions and connections, creating a dynamic effect of togetherness. When switched off, the Foscarini Nile is beautiful, but it reveals itself even more fascinating when the light flows through the precious glass, radiating through the two open sides of the diffuser onto the surface below and upwards. A dimmer is integrated on the supply line.
