Diámetro en cm	24
material	metal, vidrio
superficie	blanco
longitud del cable	180 cm
distribución de la luz	luz de la habitación
Dimensions	H 40 cm Ø 24 cm

Descripción

The Foscarini Rituals Tavolo 1 is a high, oval table lamp that recalls in its ease of a lantern. Through a complicated process gets the blown glass diffuser a unique stripe effect that is reminiscent of the Wagashi Paper oriental lanterns. Thus the light emits a pleasant, diffused light into the room. An not-dimmable as well as a version with integrated cord dimemr are on offer.

The base of Foscarini Rituals Tavolo 1 is made of painted metal and forms a good contrast to white striped diffuser. Foscarini has made the Rituals family of three more table lamps which differ in the shape of the diffuser, and four pendant lights.

Particularly in combination with other lamps in the Ritual series this light acts well.
